Basics of Safe Chainsaw Operation

Topics covered include: Safety Gear, Saw Maintenance, Saw Safety Features, Directional Felling, Bucking & Limbing

Saturday, November 16, 2013

Hocking College

Nelsonville, OH

Registration—$150

Deadline—November 12, 2013

This is a hands-on course is designed for woodland owners, farmers and others interested in learning how to safely operate a chainsaw.

Course Fee: $150 which includes: Instruction through Hocking College* and Lunch

**** For liability reasons, all participants in this class must be enrolled in a non- credit course at Hocking College and will be required to complete an enrollment form (including SSN and other personnel information) at the beginning of the class.***

Hocking College—Timber Harvesting and Tree Care instructors, Mike Kessler and Dale Hatfield who have nearly 40 years of combined experience teaching safe use of chainsaws will teach this class.

Chainsaws and chaps will be provided for use in the class. All participants must wear leather boots, and bring a hard hat, eye protection (safety glasses or goggles) and hearing protection (earplugs and/or muffs).

This class qualifies for 6 hours of continuing education credit for landowners participating in the Ohio Forest Tax Law program.
