

Explore the Ohio Natural Resources Park

1 ODNR INFORMATION CENTER & OHIO STATE PARKS GIFT SHOP

Your one-stop shop for natural resources literature, posters, educational and technical materials, as well as souvenirs, clothing, and toys.

2 CAMPING VILLAGE

Ohio State Parks are great places to enjoy an overnight stay anytime of the year. The camping village gives examples of distinct and unique ways to camp, so stop by and stroll through a yurt and rent-a-camp.

3 GOVERNOR'S GROVE

Trees planted by Ohio's governors provide lots of shade where you can relax at a picnic table or on one of 88 benches – one named for each Ohio county. The nearby Buckeye Grove features varieties of this popular tree.

4 SMOKEY BEAR

Who is almost 15 feet tall and covered with 15 yards of fur? Say hello to our animated Smokey Bear, who loves to greet children by name as he reminds everyone, "Only you can prevent wildfires!"

5 KAYAKING POND

Have you ever been in a kayak? If not, here's your chance to! Those 18 & under get their opportunity to enjoy the sport of kayaking.

6 NATURAL RESOURCES PAVILION

Explore the open-air pavilion and learn about Ohio's natural resources. See a life-size replica of an eagle's nest, learn about fossils and minerals, as well as dog parks and our Explore the Outdoors program which encourages kids and their families to get outside. Aquariums display a variety of Ohio sport fish.

7 ODNR AMPHITHEATER

Sit back and enjoy free, live entertainment each afternoon.

Lumberjacks, music and animals star in these fun-filled shows. Seating in the amphitheater was made from 190,147 recycled plastic milk jugs!

8 HISTORIC LOG HOUSE

Travel back in time with a visit to an authentic mid-1800s log house. Gather 'round the front porch and tap your toes to Appalachian folk and bluegrass tunes. Historic log homes, such as this one, can be found at various state parks throughout Ohio.

9 THE MILL

Explore Ohio's long history of oil and gas production. Exhibits will take visitors from the "boomtown" days of the late 19th Century when Ohioans first struck oil to the contemporary production methods and regulatory requirements that protect our environment today.

10 TALLGRASS PRAIRIE

An exhibit of a native tallgrass prairie features more than 50 native plant species. Stroll the boardwalk through big bluestem, purple coneflower, prairie dock, butterfly

weed and other fascinating plants from Ohio's prairie past.

11 PELLET, LASER & ARCHERY RANGES

Trained instructors teach kids the essentials of firearms safety with pellet guns, and test shooting skills at the laser simulator. Older teens and adults can learn archery at the adjacent range.

12 YOUTH FISHING POND

How would you like to catch

tonight's supper? Kids 14 & under can fish in the well-stocked ponds.

13 OHIO WILDLIFE & WETLAND

Visit some of Ohio's notable wild creatures - river otter, beavers, wild turkey, coyote, eagles and more.

14 WILD BIRD AVIARY

Discover the wonder of bird watching inside the John Ruthven Aviary. Listen for the bobwhite quail's distinctive call and the chatter of chickadees. Admire the northern cardinal's flashy red feathers. See wood ducks paddling contentedly on a meandering stream and painted turtles sunning themselves on a creek-side log.

15 BUTTERFLY HOUSE

Step inside an enclosed garden filled with fluttering wings of dazzling color. Live butterflies magically emerge from chrysalises they had entered just days before as fat caterpillars.
