PRICES PAID OHIO TIMBER PRODUCERS - MARCH-MAY 1979

These price quotations reflect reported prices paid to Ohio timber producers during March, April and May. Prices reported are for both the Doyle and International log rules comparable to previous timber price releases. This report is intended to provide a general guide of timber and log prices.

Local prices will reflect important factors such as: accessibility, right of ways, terrain, distance to haul, tree size, quality and quantity. These quotations are survey data on prices only. This survey does not indicate volume of logs sold nor are the prices weighted.

STUMPAGE PRICES: During the March-May pricing period, State average prices were generally higher than the previous period (September-November). Walnut face and veneer stumpage prices increased from September-November. However, white oak prices were mostly steady to lower.

DELIVERED SAWLOGS: Prices for walnut, white oak and ash sawlogs delivered to mills increased from September-November period while prices for most other species were down to unchanged.

PRICES PAID OHIO TIMBER PRODUCERS - SEPTEMBER-NOVEMBER 1978

These quotations reflect prices paid to Ohio timber producers during September, October and November. Prices are reported for both the Doyle and International log rules to be comparable with previous reports. This report provides a general guide of timber and log prices.

Local prices will be affected by other important factors such as: accessibility, right of ways, terrain, distance to haul, tree size, quality and quantity. These quotations are survey data on prices only. The survey does not indicate volume of logs sold nor are the prices weighted.

STUMPAGE PRICES: During the September-November pricing period, average stumpage prices advanced for nearly all species from the previous pricing period (March-May 1978). In addition, face and veneer stumpage prices were generally higher for white oak while lower for walnut. Prices for stumpage used in the production of handles, pallets, blocking and cooperage were higher in most instances.

DELIVERED SAWLOGS: Prices paid for sawlogs delivered to mills during September-November were mostly higher than both six months ago and one year earlier.

Dash indicates too few reports to quote an average or range.

Price paid per ton to Ohio producers for unpeeled pulpwood, charcoal and ferro-alloy timber delivered to buyers during September-November 1978 ranged from \$9.00 to \$18.00 per ton and averaged \$13.33.

The Service Forestry Section, Division of Forestry, Ohio Department of Natural Resources; the Division of Markets, Ohio Department of Agriculture and the Economics, Statistics and Cooperatives Service, U.S. Department of Agriculture are grateful for the cooperation of the buyers, mills and others who made possible this report on Ohio timber products.

The next report will be issued for the period March-May 1979.
