PRICES PAID OHIO TIMBER PRODUCERS - MARCH-MAY 1982

Prices published in this release reflect reports of prices paid to timber producers for products sold during March, April, and May 1982 with comparisons. Reported prices are for both the Doyle and International log rules which are comparable to previous timber price releases. This report is intended to provide a general guide to standing timber and log prices.

Prices for timber vary from one locality to another and also reflect accessibility, right of ways, terrain, distance to haul, log size, quality and quantity. These data are survey average prices only and do not reflect log volume sold nor are the prices weighted by grade.

STUMPAGE PRICES

Prices paid for stumpage reported for March-May 1982 were stronger than reported in the previous period, but lower than a year earlier. By species, the exception, when compared with a year ago, was prices for walnut.

PRICES PAID OHIO TIMBER PRODUCERS - SEPTEMBER-NOVEMBER 1981

Prices published in this release reflect reports of prices paid to timber producers for products sold during September, October and November 1981 with comparisons. Reported prices are for both the Doyle and International log rules which are comparable to previous timber price releases. This report is intended to provide a general guide to standing timber and log prices.

Prices for timber may vary from one locality to another, reflecting important factors such as: accessibility, right of ways, terrain, distance to haul, log size, quality and quantity. These data are survey average prices only and do not reflect log volume sold nor are the prices weighted.

STUMPAGE PRICES

Stumpage prices for both regular sawtimber and the prices paid for walnut and white oak face and veneer generally were substantially lower than previous survey period and a year earlier.
