

Firefly Games

Firefly, Firefly Game

This is a group activity for all ages and there is no time limit. You can play this game during the day, but it is more fun to play it in the dark!

Materials needed:

Flashlight (1)

Instructions:

1. All players must stand in a circle (outside is preferred)
2. Select one person to be "it". That player then is the firefly and must take the flashlight and stand in the center of the circle.
3. The person in the middle then must close their eyes and turn around in a circle as everyone recites the following chant:

*Firefly firefly in the night,
Firefly firefly shining bright.
Turn to your left,
And turn to your right,
Pick a new friend and shine your light!*

4. The person in the center then shines the flashlight on someone in the outer circle. That person then becomes the new firefly or "it".
5. Repeat all steps until everyone has been "it" at least three times.

Firefly Code Game

This game only requires two people to play and must be played outside in the dark. There is no age limit!

Materials needed:

Flashlights (2)

Instructions:

1. Grab a buddy and two flashlights. Then decide who goes first. The first player (player A) then must click on and off a code or pattern using the flashlight.
2. The second player (player B) must remember the code player A made. Then using their flashlight repeat the code back to player A.
3. Repeat all steps.
