OHIO WATERCRAFT DEALER LICENSE PROGRAM INFORMATION

Thank you for your interest in serving Ohio boaters. This information concerns the Watercraft Dealer License Program, proper use of the license, and highlights of the rules and regulations that govern the program.

Ohio Revised Code Section 1547.543 states: A bona fide watercraft dealer or manufacturer upon application to the Ohio Department of Natural Resources Division of Watercraft may purchase for each separate place of business, a dealer license assigning a dealer number for use while operating watercraft on the waters of this state.

Ohio Revised Code Section 1547.01(B)(27) defines a “watercraft dealer” as any person who is regularly engaged in the business of manufacturing, selling, displaying, offering for sale, or dealing in vessels at an established place of business. “Watercraft dealer” does not include a person who is a marine salvage dealer or other person who dismantles, salvages, or rebuilds vessels using used parts. This revised section became effective November 22, 1999. You must meet this definition to receive a Watercraft Dealer License.

The fee for an Ohio Watercraft Dealer License is \$50. The license expires the last day of December of each year. The fee includes:

1. A permanently assigned Ohio watercraft certificate of number.
2. A wall certificate in your name or the name of your business and address to display in your place of business.
3. Three (3) sets of validation decals to temporarily display on watercraft being operated in accordance with the law.
4. Three (3) pocket-size certificates. One certificate must be carried aboard the watercraft when it is in operation.

The certificate of number and validation decals must be temporarily displayed on the outside of the front half of the watercraft when it is in operation and in a way that is **CLEARLY VISIBLE** to other boaters from both sides (port and starboard) of the watercraft. We suggest that you attach the numbers and the validation decals to plaques that can be temporarily affixed to windows or rails on the front half of the watercraft.

You must comply with the law at all times to avoid criminal penalty, suspension, or restriction in any way. Ohio Revised Code Section 1547.543 states in part:

The dealer's license/number are only valid on waters in Ohio. The dealer license/number **shall not** be used for any commercial purpose such as the **rental or chartering of watercraft**. The dealer license/number **shall not** be loaned to any person for the purpose of circumventing any law of this state. The dealer number **shall not** be transferred to anyone and must be removed from the watercraft when that watercraft changes ownership or is used for purposes other than those permitted by the dealer license provisions.

When the watercraft changes ownership, the new owner must obtain a permanent certificate of number for the watercraft in his or her name. The new permanent certificate of number will then be the permanent number for that watercraft and must be displayed on the forward half of the watercraft on both sides.

Effective April 1, 1990: Dealers licensed with the ODNR Division of Watercraft, in accordance with the Ohio Revised Code Section 1547.543, may be able to obtain trade-in credit on sales tax. **USE YOUR ASSIGNED WATERCRAFT DEALER NUMBER WHEN TRANSACTING TITLE BUSINESS WITH THE COUNTY CLERK OF COURTS.** All questions regarding taxation should be directed to the Ohio Department of Taxation; businesses located within Ohio may call 1-888-405-4039; businesses outside Ohio may call 1-888-405-4089.

Note: ANY seller of a watercraft requiring a title must supply the buyer of that watercraft a title issued in the buyer's name within 30 days of the sale (Refer to the Ohio Revised Code Sections 1548.03, 1548.06, etc.).

Questions regarding the Ohio Watercraft Dealers License Program can be directed to the program coordinator toll free at **1-877-4BOATER** (in Ohio only) or **614-265-6480**.
