FISH PROPAGATORS

We recommend that you obtain fish for stocking small warmwater impoundments from a licensed fish propagator. Obtaining them from a licensed fish propagator is the easiest, most economical method, and you are guaranteed the correct size, numbers, and species of fish(es) you request. (LMB - Largemouth Bass, BLG - Bluegill, CCF - Channel Catfish, RDE - Redear Sunfish, MIN - Fathead Minnow, GRC - Grass Carp, RBT - Rainbow Trout, HBG - Hybrid Bluegill)

The following list of fish species shows the fishes that are recommended for stocking into small impoundments in Ohio. These recommendations are consistent with those outlined in the Ohio Pond Management Journal and should insure many years of quality fishing with proper management. Trout are a coldwater species and will not survive the summer in most Ohio waters. The following propagators are listed alphabetically by county.

Organization Name	Address	City	St	Zip	Phone	County	LMB	BLG	CCF	RDE	MIN	GRC	RBT	HBG
Hickory Grove Paylake	17627 St Rt 136	Winchester	OH	45697	937-695-1397	Adams	Yes	Yes	Yes	Yes	Yes	No	Yes	Yes
